GUIDE FOR USING HIBICLENS ANTIBACTERIAL SOAP

- You will complete two showers using Hibiclens. You will take one shower the night before your surgery and one the morning of surgery.
- If you plan to wash your hair, do so with your regular shampoo. Then rinse hair and body thoroughly to remove any shampoo residue.
- Avoid getting Hibiclens in your eyes, nose, ears, mouth, or genital areas.
- Apply Hibiclens soap to a wet washcloth; gently cleanse your body from the neck down. Focus on the area of your body that you will have surgery, cleansing for 5 minutes.
- Do not scrub your skin or use a brush.
- Do not shave any hair from your body.
- Dry your body with a clean towel.
- Do not apply any lotions, powders, perfumes or hair products after washing.
- Wear clean clothing and sleep in clean bedding.
